How We Help...

Being a 501(c)3 enables the charity to benefit veterans in many ways. The following are a couple of examples of our flexibility:

Recently, a very nice couple got remarried and ended up with two houses. They donated a very nice fully equipped - ready to move in park model house in a 55 and older community to the AZ VFW charities. We started looking and working with other agencies and found a homeless Veteran living in a hangar at Falcon field. As soon as we got the approval from the community (he had to adhere to community regulations, the same as any other resident), the title and the keys were turned over to the Veteran. Homeless to homeowner in a very short period of time.

The charities was contacted by the family of a Veteran who had passed away and whose body was still at the mortuary because the family did not have the funds to have him cremated. Additionally the mortuary was charging the family daily for keeping the body. After a thorough investigation it was determined that the family was indeed in need and the charities arranged to have this Veteran's body cremated and flown to Washington so his family could give him a proper burial.

AZ VFW Charities has certain criteria that must be met, but if a veteran or a family member has a need, we explore every available avenue to provide the help they need.

The Veterans of Foreign Wars of the United States of America has been in existence for over 100 years, providing veterans and their families with support in facing the many issues involving with defending our country, including the return to civilian life. Our record of accomplishments supporting our troops speaks for itself - NO ONE DOES MORE FOR VETERANS! AZ VFW Charities was created to do the same, with two major differences;

- 1) We are not a national charity, we deal with veterans issues right here in Arizona.*
- 2) While we are definitely associated closely with the VFW, we are not managed or monitored by the National VFW, or the local VFW. We are a separate entity. This allows us to move quickly, cut through the red tape and provide the services we feel appropriate for our ARIZONA veterans.*
